Maine Weekly Pertussis Surveillance Report

Maine Center for Disease
Control and Prevention
An Office of the
Department of Health and Human Services

Paul R. LePage, Governor

Mary C. Mayhew, Commissioner

08/9/2012

This update summarizes reports of pertussis infection in persons reported during 2012 received by the Maine Center for Disease Control and Prevention (Maine CDC) during January 1 – August 9, 2012.

There have been a total of 347* confirmed and probable pertussis cases reported statewide through August 9, 2012, compared to 79 reported cases in 2011 during the same period. *Additional cases may have occurred especially in the most recent weeks that are not included in this report.

Table 1. Pertussis cases by county -- Maine, 2012
